Turning Special Moments into Lasting Memories

Wedding Photography

A wedding is a time of love, of little smiles and tearful moments, of joy with family and friends. Our style of wedding photography captures your wedding in pictures, as it really happens—beautifully and naturally. We encourage you to compare our style with that of other photographers before you choose one of us to record your important moment. You should choose the photographer whose style and work best meet your expectations.

Photography plans

All plans include 4x6 proofs in a beautiful proof book, all yours to keep.

Level I: This is the finest wedding plan we offer. It begins with engagement portraits (one 12x18 wall print and eight 4x5 prints). For the wedding, reception, and other events surrounding your special day, we create 250 photographs. You may design up to ten hours of coverage, done just the way you want. The bride and groom receive a 36-page 10x10 album, a deluxe album on DVD, a 16x20 wall print and a deluxe wedding day web page. Two 5x7 parents' albums (24 pages each) are included. \$3,349.

Level II: Slightly scaled down from our top package, this includes engagement portraits with an 11x14 wall print and eight 4x5s. We spend up to eight hours at your wedding and provide you with 200 proofs from which to choose for your 30-page 10x10 album, two beautiful 24-page 4x5 parents' albums and a 12x18 wall print. Also included is a deluxe DVD and a deluxe wedding day web page. \$2799.

Level III: This is perfect for the couple whose first concern is coverage of a large wedding and reception. Engagement portraits (an 8x10 and four 4x5 prints) are included. Seven hours of coverage and 175 photographs from which to choose insure that none of your memories will be missed. You'll get a beautiful 24-page 10x10 album, a basic album on CD, an 11x14 wall print, and a basic wedding day web page. \$1,949.

Level IV: For the couple who wants formal poses plus candid of the wedding and a small reception, this provides six hours of coverage and about 150 photographs. We include an 18-page 10x10 album and an 8x10 wall print. \$1,549.

Level V: Formals plus candid of the wedding ceremony only (no reception) may be just right for you. We provide three hours of coverage and about 75 photos from which to fill your 12-page 10x10 album. \$1,125.

Telling the world

Levels I–V include your choice of print sizes and numbers, subject only to the number of album pages chosen. Your album should be uniquely your own, but we will be happy to help in designing it.

We do it your way: Still don't see a plan that is exactly right for you? We will design one to your exact specifications.

Those important extras

Family and friends want pictures of your joyous day too. Minor touch-up included on all reprints. All prints custom made on premium archival photographic paper.

Wedding day coverage with orders to come later

Many of our customers opt to hire us to shoot the wedding and provide them only with "proof prints" until a later time when they can order enlargements. This is payable at the time of scheduling the wedding photography unless other arrangements are made. These prices include 4x6 proof prints in a beautiful proof book. (Proof prints are not guaranteed "perfect.")

\$1250	225 photos	9 hour maximum
\$1350	250 photos	10 hour maximum

DVD albums & web sites

We can also create a web site and a digital album on DVD. The couple and their guests will be given a special password to the site where photos can be viewed. This is especially nice for clients who have family and friends unable to attend the wedding. Cost for this option is \$175.

A final word

Your wedding photos are too important to be left to chance. We would be pleased to show you samples of our work and to refer you to past customers. And really, should you settle for anything less from any wedding photographer?

Payments and other practical matters

We reserve your wedding date and time upon receipt of a signed Wedding Photography Agreement and a deposit equal to half the charge for the plan chosen. The remainder of the plan charge is due upon delivery of the proof prints (previews). (Proofs will not be released until the final balance is received.)

For additional orders, payment is due when the order is placed. We suggest that wedding orders be placed by one person (for maximum discounts).

Payments are for the products and services specified and do not constitute work for hire. All digital images, negatives, prints and transparencies are the copyrighted property of Schmidt Photography and may not be copied or reproduced without our permission.
